

Get to know our newest member – Ron Greenwald

Ron grew up in a family of 6 kids. Ron is the youngest of 4 boys. After the first girl was born, they didn't want to take the chance of having another boy, so they adopted a full blooded Apache girl.

In 1977, Ron was hit while on the back of a motorcycle and lost his knee joint. In 1983 he was run over by a drunk driver. In 1986 he lost his brother to a motorcycle accident. He and his family also went through some tough times.

One day he was fishing on a lake when he heard a girl screaming from a canoe, "Mister, can you help me?!" He rowed his boat over to her canoe and she had a pickerel on her fishing line. He took the pickerel off the line and realized it was Jeanne. Jeanne was a girl he met earlier while renting a room from a friend's mother. Some time later he met her again and asked her to dinner. They went out to dinner but then he didn't see her for a while because she went to the University of Michigan. She came back during the summer and he asked her out again. They went to see *Cats* on Broadway and are now happily married.

Jeanne is now working on her doctorate and Ron takes care of the house. In his spare time he fishes. They have 2 children; Brianna and Robert. Brianna speaks 5 languages and she has a full scholarship from Hunter College in New York City. They gave her a laptop, her own dorm room, and \$10,000 to study abroad, so she went to Hungary to teach kids English. Robert is in Ithaca College playing track and field, and football. Last year he caught an 81 yard touchdown pass and he made a 6' 5" high jump.

Noteworthy global grants

From Rotarian Magazine

Equipping a neonatal intensive care unit in Brazil.

Background: Neonatal mortality rates were significantly higher in the Ribeira Valley area of southern São Paulo state than in other regions.

Scope: The Rotarians worked with the Hospital Regional Dr. Leopoldo Bevilacqua in Pariqueira-Açu to determine the best approach. The grant provided equipment for the hospital's neonatal ICU and provided prenatal care and breast-feeding workshops for pregnant adolescents.

Impact: Infant mortality in the region has been halved to seven per 1,000 live births.

Providing safe water for rural communities in Peru

Background: Before the project, residents drank untreated spring water, and the rate of intestinal and respiratory diseases, especially among infants and the elderly, was high.

Scope: The project repaired 32 reservoirs and installed gravity-fed drip chlorination systems for drinking water. The Rotarians also trained residents to administer and maintain the system.

Impact: More than 10,000 people, including 1,138 children under age four, now have clean drinking water.

Fun fact: The Rotary Club of Cajamarca Layzón has only 11 members; this was its first global grant.

Lotteries

Last week **Dave King** won the 50/50 drawing.

Last week the Members Only raffle was up to \$363. **Ross Lang** won \$4.

Birthday

Last week we sang happy birthday to **Jim Colavito**.

Guests

Last week our guests were:

- **Marge Colavito**
- **Len Pizza**

Program Schedule

June 9 **Joanne Willans**

June 16 **Jim Colavito**

June 23 **Robert Donahue**

June 30 **Business Meeting**

July 7 **Dave King**

NOTE: Each member is responsible for engaging a guest speaker on his/her designated day. Should a guest speaker be unavailable, it is requested that the member make his own presentation (on family, business backgrounds, humorous anecdotes, inspirational thoughts, etc.) or ask a fellow Rotarian to speak. We MUST fill a 15-minute time slot each week.

If you are unable to attend the meeting on your designated day, please ask another Rotarian to switch dates with you and kindly advise Barbara Freda of the schedule change.

District and Club Events

Saturday, June 3

Hanover Rotary Duck Race at Malapardis Park
